

Introducing FastPass+ for Sports Teams staying at a Walt Disney World® Resort

FastPass+ is a fantastic way for you and your team to experience even more of the magic at Walt Disney World® Resort. Now, you can experience the Walt Disney World® parks the way you want, both before and after your team competes at the ESPN Wide World Of Sports Complex.

You'll have access to the My Disney Experience website and mobile app, which you can download for free. This digital planning guide helps you personalize your Walt Disney World Resort® experience. It features interactive maps, attraction wait-times, and the ability to reserve access (with paid theme park admission) to some select Disney FastPass+ attractions, Disney Character greetings, live shows and select fireworks viewing areas.

As a sports guest of the Walt Disney World® Resort, you and your team will each receive a MagicBand at no additional charge that connects you to all the choices you make with My Disney Experience. Use it as your room key, ticket admission, (with paid theme park admission) FastPass+ access and more. You have the ability to customize your sports vacation like never before by setting everything up through the My Disney Experience website.

To Get Started:

Go to **StartYourDisneyExperience.com** and create a new account. We recommend creating an account associated with your team and not a personal one to ensure that your personal data isn't shared with everyone in your party. Once you create your account, you will be taken through several steps that will allow you to plan your Sports vacation so everyone on your team can enjoy group dining, theme park planning, and more. It is also recommended that you account for at least 2 hours to complete the entire process especially when planning for more than 10 individuals in your group at a time.

- **Step 1: Link your teams' Disney Room Reservation Numbers:** Make sure you have access to all of your team's Disney Room Reservation numbers. This step will allow you to link your entire team together.
- **Step 2: Customize and Order Your MagicBands:** As a guest of the Walt Disney World® Resort, you (and your team) have the option of getting a colorful, customizable and waterproof MagicBand. This MagicBand will allow you to travel a little bit lighter by giving you access with just a touch of the wrist! Most of the planning you'll do through My Disney Experience is accessible with your MagicBands. You'll receive your MagicBands during hotel check-in or you can have them shipped to an address of your choice depending on how close you are to your arrival date. If you don't want to customize your MagicBands, you can still use your My Disney Experience account to make FastPass+ selections with your valid theme park (RF-enabled) ticket, make dining reservations and more.
- **Step 3: Link Your Tickets:** Make sure you have access to all of your team's ticket numbers and have a way to keep track of each ticket with the person you assign it to. We recommend you write the person's name on the front of the valid theme park (RF-enabled) ticket.
- **Step 4: Make Your FastPass+ Selections:** Disney FastPass+ service allows you to reserve access to select attractions, Disney Character greetings, live shows and select fireworks viewing areas in advance, giving you the confidence of knowing your must do fun is all set (paid theme park admission required). Groups (for best results, you are encouraged to break your groups into parties of no more than 10 at a time) can organize and schedule theme park activities around their competition schedule, allowing everyone to make the most of their sports vacation. You can schedule all of your theme park activities up to 60 days prior to your arrival or make plans once you arrive using the My Disney Experience mobile app or by using in-park kiosks.

If you don't have time to make plans prior to your arrival or need to make changes when you arrive, you can always use our My Disney Experience mobile app, which you can download for free, allowing you the freedom to update your plans on the go.

GET STARTED

Availability subject to device limitations and features may vary by device or service provider. Message and data rates may apply. Coverage not available everywhere.
