--	--

Frequently Asked Questions

How will the number of days I volunteer be recorded?

Each volunteer will receive an appreciation card that lists all available dates to volunteer. When you check out each day, the card will be hole punched on the corresponding date to record that you have volunteered that day.

How will I know how many appreciation items I will receive?

When you check out at the end of your last scheduled day to volunteer, your appreciation card will be collected. A Volunteer Services Team member will count the number of hole punches on your appreciation card and provide the corresponding appreciation items due.

What if there is a rain delay, play off, or suspended play?

If any of these circumstances occur it will be considered as part of your regularly scheduled shift. These situations do not qualify for an additional hole punch.

When will I receive my Volunteer Appreciation Package?

All volunteers will receive their appreciation package upon checking out at the end of their last scheduled day to volunteer.

What if I volunteer for more than four days?

If you are a Tournament Volunteer and are scheduled and volunteer for more than four days, you will receive 1 (one) complimentary theme park ticket for each day exceeding 4 days.

If I would rather have all golf rounds or all theme park tickets can I request that?

Unfortunately the tournament office can't provide this option. You are welcome to exchange with other volunteers if both parties are willing.

If I volunteer for more than one committee what will I receive?

If you choose to volunteer and are scheduled for more than one committee you will receive an appreciation card for each committee. Please use the appreciation card for the committee you are volunteering for at the time. Redeem the card when you check out at the end of your last scheduled day to volunteer for that committee.

What if I register with four days or more of availability but only get scheduled for two days ?

We appreciate your availability and do the best we can to schedule your preferences. We have a limited number of positions and cannot guarantee that you will be scheduled for four days. You are always welcome to notify the Volunteer Services Team of your desire to volunteer additional days and we will notify you if an opportunity arises.
