Welcome to the 2014 Disney Wine & Dine Half Marathon Weekend. We are honored to have you as our guest for the ultimate runner's night out! Nowhere else in the world can you run under the stars through three theme parks and then celebrate your accomplishment with our exclusive Finish Line Party at the Epcot® International Food and Wine Festival.

This will be a night to remember! Like every great athlete, you will start at the ESPN Wide World of Sports Complex. From there you will make the trek to Disney's Animal Kingdom® Theme Park winding past the Tree of Life, Expedition Everest™ and Dinosaur® at night. Then just like a super star you head straight toward Disney's Hollywood Studios down Sunset Boulevard past The Twilight Zone Tower of Terror™. Finally, you head across the boardwalk to Epcot® and the finish line!

There is plenty of fun and celebration for the whole family with the Disney Health & Fitness Expo, Kids Races, Mickey's Jingle Jungle 5k, the Pre Race Taste at Disney's Hollywood Studios and the Finish Line Party at Epcot®.

On behalf of the thousands of Cast Members and volunteers who make the Disney Wine & Dine Half Marathon Weekend possible, I thank you for being a part of this very special weekend.

top ten tips for success

Jeff Galloway, Official runDisney Training Consultant

1. Practice and fine-tune your race day routine. Write down your schedule, with time in the parks, meals and downtime before you board the buses to the start.
2. Get your race gear ready in the morning before leaving for your activities. Affix your race number, and lay out everything you will need. Stash some extra \$ to sample various snacks after the race.
3. Drink an eight-ounce glass of water about every 1.5-2 hours until about 6:00 p.m. Have another glass or two before 8:30 p.m. To avoid potty stops during the race, cut fluid intake at that time—ingesting at the race water tables.
4. Most find that it's OK to spend most of the morning in the parks—if you take a 10 minute "sit down" break every hour.
5. During the afternoon, it's best to get off your feet from about 4:00 p.m. until you head to the bus. Relax around your room, take a nap, read a book, watch a movie, etc.
6. Morning Nutrition. Could be similar to most mornings but avoid large meals and foods that could cause problems: fried or fatty foods, too much protein, and high fiber foods.
7. Afternoon Eating: Eat regularly—but not too much quantity at one time: light snacks of 150-250 calories, about every 2 hours.
8. Most find it best to stop eating 2-3 hours before the run. Adjust to your needs. If your blood sugar starts to drop, have a light snack, such as an energy bar.
9. If your energy level tends to drop after 9:00 p.m., and you drink coffee, bring a cup of coffee with you to the staging area and drink it during the hour before the start.
10. Start slowly, enjoy every character and...wine and dine!

Safety Reminder

For the safety of yourself and the other participants, baby joggers, strollers, baby carriers, baby backpacks, inline skates, motorized scooters, bicycles, skateboards, canes, crutches, and animals of any kind are prohibited on the course. If you are seen in violation of one of these you will be removed from the course and transported to the finish line area. Headphones are discouraged due to audio messages that are placed throughout the course to ensure your safety.

Costumes

You are allowed to wear a costume during all races. However, your costume cannot include a facemask. Anyone seen in violation of this will be removed from the course. If your costume is questionable or offensive to others, we reserve the right to either have you change into something more appropriate or remove you from the event.

Pacing Requirements

All athletes must be able to maintain a 16-minute per mile pace throughout the race. Anyone who is not able to maintain a 16-minute per mile pace may be picked up and transported to *Epcot*®. You may be picked up at any point along the course for not maintaining a 16-minute per mile pace. It is suggested that athletes train for a 15-minute per mile pace or faster to allow time for breaks (restroom breaks, photo opportunities, etc.).

Pace Cyclists will be on the course indicating when runners are behind pace by waving orange flags at mile markers according to the official pace time. If you reach a mile marker with an orange flag waving, please note you are behind the required 16-minute per mile pace and can be picked up at any time.

Weather

The race will be held rain or shine. If there is lightning in the area the race will either have a delayed start or depending on the intensity of the weather, be cancelled. All medical stations will have the appropriate flag color displayed according to existing heat conditions:

- ▶ **GREEN FLAG** – Good conditions. Enjoy the event but stay alert.
- ▶ **YELLOW FLAG** – Less than ideal conditions. Participants with high risk of heat stroke should withdraw.
- ▶ **RED FLAG** – Potentially dangerous conditions. Heat injury is possible. All participants urged to slow their pace and hydrate adequately.
- ▶ **BLACK FLAG** – Extreme and dangerous conditions. All participants advised not to compete. Course may be shortened and no times recorded.

For everyone's safety, delaying or canceling the event is at the discretion of the Event Management team. As a reminder, the registration fees are non-refundable and nontransferable.

Note: Please consider not bringing unnecessary bags with you on race day. All items will be inspected.

The race staff would like to thank you in advance for considering these etiquette tips as you enjoy the Disney Wine & Dine Half Marathon Weekend events.

- Please pay attention to pre-race instructions – both print and verbal. What you read and hear will not only help guide you through the course but will keep you safe.
- Wear your race bib on the front of your shirt and SMILE! MarathonFoto photographers will be taking pictures of you throughout the race.
- Please enter your correct start corral. This will ensure that you are running with people who have a similar pace.
- Run or walk no more than two abreast. Other runners will want to get by you. If you are walking in a group, please start in the last corral.
- If you want to run with a friend and they are in a different corral, the faster of the two can move back to the slower corral.
- If you are stopping at a water or food station, move all the way over to the table. Grab water and move away from the table so that others may get water, too.
- Move to the side if someone behind you says "Excuse Me" or "Coming Through".
- Feel free to shout words of encouragement to other runners. You will hear words of encouragement in return.
- When you are approaching the finish line, you may see loved ones cheering you on. Please do not encourage anyone to join you in the finish line stretch. Your support team is very important, but please communicate that the race course and finish area is for registered participants and staff only.
- Enjoy the post-race refreshments, but remember that others will want to enjoy the goodies too.
- Celebrate! Thank your volunteers and have a great race!

Finish Line Party

After you run around the park, dine around the world at the Finish Line Party at the *Epcot*® International Food & Wine Festival which takes place inside *Epcot*®. More than 29 international marketplaces are serving up tapas-sized portions of regional specialties. Explore countries on six continents through their most mouth-watering foods and beverages!

Once you enter the Finish Line Party, you will be directed to the approved crosswalks so that you are able to cross the course and not interrupt the race.

Results

A complete list of results for the Half Marathon will be posted on Sunday at runDisney.com.

To schedule a priority appointment, visit CelebrationPerformance.com or call (407) 303-4204.

Florida Hospital Celebration Health Medical Stations are located along the course approximately every two (2) miles and will be marked with medical flags. With prior training, you should be prepared for the physical demands of the half marathon. Nevertheless, you may suffer cold or heat stress, or become dehydrated. The following can help you prepare for a safe and enjoyable race.

What To Know About Fluid Intake

- Drink enough water before the race so that your urine is clear to light straw in color (this will vary per person).
- During the race, limit fluids to approximately 4-6 ounces every 20 minutes.
- At least every other water stop, you should have some form of electrolyte replacement (Powerade, etc.).
- Drink approximately 16 ounces of electrolyte enriched fluid after the race.

Tips For Race Day

- Check your urine a ½ hour before the race or before you leave your home. If it is clear to light yellow (like light lemonade), you are well hydrated. If it is dark and concentrated (like iced tea), drink more fluids!
- DO NOT take any product with ephedra in it. Ephedra increases your risk of "heat illness." It should not be used while training or on race day!
- Stay away from dehydrating agents such as cold medicines, anti-diarrhea products, sinus meds and caffeine which all can lead to dehydration; you may take them again a few hours after finishing the race.

Pain Relievers / Supplements

- Recent medical research has shown that non-steroidal anti-inflammatory drugs (NSAIDs) like Advil, Motrin, Aleve, ibuprofen, aspirin, naproxen, etc. may be harmful to runners' kidney function if taken within 24 hours of running. Only acetaminophen (Tylenol®) has been shown to be safe.
- NSAIDs are thought to increase the possibility of hyponatremia while running long distances by decreasing blood flow to the kidneys and interfering with a hormone that helps the body retain salt.

Therefore it is recommended that on race day (specifically beginning midnight before your run) you DO NOT use anything but acetaminophen (Tylenol®) if needed until 6 hours after you have finished the race, are able to drink without any nausea or vomiting, have urinated once, and feel physically and mentally back to normal. Then, an NSAID would be beneficial in preventing post-event muscle soreness.

- Narcotics should be avoided within 48 hours of race day due to harmful effect on performance, perception, and mental status.
- Vitamin supplements (Vitamin A, C and E) can alter urine color so be wary of hydration status if taking these supplements.
- Caffeine and other amphetamine-like compounds containing pseudoephedrine, such as Sudafed and most sinus and cold preparations, taken within 24-hours of race time can raise core temperature, increase blood pressure and heart rate, and should be drastically limited during this time.

Warning Signs

- Nausea and/or Vomiting – this can be a sign of dehydration, or over hydration and electrolyte imbalance. Proceed directly to a medical aid station located throughout the course.
- Dizziness, confusion, loss of peripheral vision or general tingling are more concerning and greater precautions should be taken. Find a course representative and ask for assistance immediately.
- Chest Pain – stop all activity and ask another participant to assist with locating a course representative or medical volunteer.
- Dry Skin – a sign of significant dehydration and loss of normal regulatory systems. Proceed directly to a medical aid station located throughout the course.

For Your Own Safety

- Complete the medical history on the back of your race bib.
- Drink plenty of fluids.
- Know the symptoms of heat illness. Run responsibly and don't be afraid to ask for help.
- Help your fellow runners. If you see someone in distress, tell him or her what we have told you. If they refuse to stop, report their race number to one of the volunteers along the route.
- Let your friends and family know your race number so they can find you if you are in a medical tent.
- Listen to the weather forecast and plan accordingly. Both heat-related injuries and hyponatremia are life-threatening conditions.
- Skin in high friction areas (nipples, thighs, armpits, etc.) should be well lubricated with a non-water soluble lubricant (petroleum jelly).

- Make sure your shoes and clothes are appropriate for the event and environmental conditions.

Questions

The Medical Team is here to help! On race day, there will be sports medicine professionals at the finish line tent and in the parking lot on bicycles. Remember, on the course we will have medical volunteers at each and every tent to help you along the way.

Celebratory Charity

The Disney Wine & Dine Half Marathon Weekend benefits Homes for Our Troops (HFOTUSA.ORG), an organization dedicated to building specially adapted homes for severely injured Veterans nationwide who have returned home with life-altering injuries post 9/11. With the support of thousands of volunteers and participants, the Disney Wine & Dine Half Marathon Weekend will help Homes for Our Troops continue its mission of Building Homes, Rebuilding Lives.

Homes for Our Troops (HFOT) uses the Disney Wine & Dine Half Marathon as a platform to create awareness of the need to restore freedom and independence to our nation's Service Members who have sacrificed for our country. Race-day volunteers will wear HFOT logoed attire, allowing a free advertising and exposure opportunity for Homes for Our Troops in front of thousands of attendees.

Since its founding in 2004, HFOT, based in Taunton, Mass., has built specially adapted homes for nearly 170 severely injured Veterans and their families in 38 states. These Veterans are among the nation's most severely injured, with missing limbs, varying levels of paralysis, blindness and traumatic brain injury (TBI). These homes are provided mortgage-free to the Veterans we serve, and feature over 155 special adaptations including: widened hallways and doorways for wheelchair access; automatic door openers; roll-under sinks and cooktops, lowered counters and pull-down shelving, all designed to help the Veteran live independently.

Sports Enthusiasts

Over 1,500 volunteers will assist throughout the Disney Wine & Dine Marathon Weekend on behalf of Homes for our Troops.

- Approximately 450 volunteers will assist with the *runDisney* Health & Fitness Expo
- Over 120 volunteers will assist with the Mickey's Jingle Jungle 5K
- Over 350 medical volunteers will staff Florida Hospital's medical stations during the Half Marathon
- Over 900 volunteers will staff Start Line, Course Monitor, Food Stop, Water Stop, and Finish Line locations during the Half Marathon on Saturday
