## APPLIED SCIENCES

**Designed For Students:**  
 Grades K-3rd  
 Ages 5-8

**Program Length:**  
 2.5 hours

**Park:**  
*Epcot*®  
 (Morning) Meet outside the Main Entrance near the Group Sales Ticketing Window  
 (Afternoon) Meet at the *Innoventions* Tip Board

### OVERVIEW

Come to understand how innovators use synergy to drive technological advancements that improve our quality of life. Students will be inspired through attraction experiences that demonstrate synergy and team challenges designed to stretch their imaginations to see what they can combine to generate new systems and tools.

### LEARNING OUTCOMES

#### Communicate and Collaborate

- A hands-on activity with building toys helps illustrate the advantages of communicating and collaborating to solve problems
- Spaceship Earth offers students a synergistic look at various elements that combine to create an informative and entertaining experience

### Journey into Imagination with Figment

- With a help from Figment, students discover the unlimited potential and power of their imagination
- Students come to realize that everything we use everyday is the result of a person's ingenuity to bring an idea or invention to fruition

### Synergy in Technology

- Students experiment with snap circuits and explore synergy in computer technology
