

FUNDAMENTALS OF PHOTO STORYTELLING

LIBERAL ARTS

Designed For Students:
 Grades 7th-12th
 Ages 12-18

Program Length:
 3 hours

Park:
 Epcot®
 Meet outside Main Entrance, near the flagpole

OVERVIEW

With Epcot as the subject, students will learn the how to capture images that tell a story. They will learn to observe with their creative lens and practice photography techniques that connect people, places and events. This program was developed in conjunction with *Jostens*®, a leader in celebrating and sharing memorable occasions.

LEARNING OUTCOMES

Developing a Unique Point of View

Today's experience is all about story places and your creative eye. Through the lens of a camera, students discover an Epcot that they may never have experienced before.

- Students will discuss and identify photographic decisive moments
- By applying creativity and photographic elements, students will learn to produce images with impact

Keep or Delete?

Technology provides the resources for capturing and storing a limitless number of images. Learn a critical process for deciding which to keep and which should be perhaps be deleted.

- Students will analyze the merits of photographic images based on the elements of photography
- Students will determine which photographic image best captures a story, generates emotion, and is an image with impact

Completing the Story: Captioning 101

Whether you are a future photojournalist, club/team historian, yearbook staff member, the designated family photographer or an avid scrapbooker your photos take on more meaning when accompanied by a great caption.

- Students will discover captioning as a storytelling tool
- Students will explore and discuss the elements of effective captioning
- Students will discover the importance of captioning and its ability to complete a story regardless of the image's medium

Calling it a Day—Putting it all Together!

Students discover the attention to detail in creating authentic representations of the eleven nations featured in the World Showcase.

- Students will assemble and tell a story through impactful photographs
- Students discuss how their experience and skills will influence how they use photographs to tell stories that connect people, places, and events
